

Calling all Creators and YouTubers!

We think we have some of the best film burns and light leaks available to creators. We just need your help spreading the word!

Here's how you can help. If you use any of our overlays in your videos and mention our YouTube channel or website, we'll refund your total purchase! Just send us an email to [reddikan@gmail.com](mailto:redarikan@gmail.com) with the subject **REFUND**. Include a link to your video showing how you mentioned us and we'll send your refund asap!

Thank you for using our overlays and for helping get the word out to your viewers! We appreciate the help as we try to grow!
